FOX & LILLIE RURAL LIVESTOCK REPORT

Fox & Lillie is a leading Australian woolbuyer, broker, exporter and processor, supported by an extensive network of regional stores. We provide producers with local expertise and advice, including a range of direct wool buying, broking, financing and marketing options, and livestock and property services to help grow your business.

FOX & LILLIE RURAL MARKET REPORT: 6 November 2026

This week's market has largely mirrored last week, with prices either holding firm or continuing to strengthen. Store lamb numbers coming out of southern Australia continue to grow on the back of seasonal conditions, with values remaining relatively unchanged from last week. Clearance rates on AuctionsPlus were not quite as strong this week, possibly influenced by Melbourne Cup Day on Tuesday. Despite this, demand for Merino woolly wether lambs remains extremely strong.

Mutton continues to be highly sought after, with a few more dry lambs coming into Wagga as harvest and haymaking get underway across the region. Fox & Lillie Rural clients also sent aged Merino ewes to Bendigo this week, achieving prices in excess of $300 per head.

At Bendigo today, 1.5 year old first cross ewes topped at $620 per head, with this price achieved twice. The better-quality ewes generally sold between $600 and $620 per head, while secondary and third grade types ranged from $550 to $600. The 2026 drop first cross ewe lambs also attracted strong competition, topping at an impressive $550 per head.

On the cattle side, it was another strong week, with large yardings across NSW and cattle continuing to be highly sought after. Demand remained solid, contributing to another firm market this week.

Market Update - Lamb & Mutton

MUTTON 868c per kg cwt.

STORE LAMBS 1222c per kg cwt.

TRADE LAMBS 1169c per kg cwt.
