There were another number of similarities to recent weeks, with good demand for the better Merinos; and poorer demand for the lesser types. This was of greatest impact in the West. Merino Skirtings and Oddments were also down.

Crossbreds were in short supply and again finished on an upward basis. But, this was driven entirely by a very strong market in Melbourne on Thursday when individual AWEX MPGs rose by 14¢ at 32 microns to 63¢ at 28 microns. The 30 micron MPG was up by 34¢ to 998¢ in Melbourne.

The US Exchange Rate finished 0.52¢ (0.7%) higher to close at 71.63¢ on Thursday. It has risen by 0.66¢ in in the last two weeks.

Buyers for China were dominant, with support from buyers for Europe and India.

There was no sale in South Africa where the ban on exports to China is still in place

Looking ahead, the offering for Week 42 is currently expected to be up by 7.3% to 42,487 bales, while the offering for Week 44 is expected to be down by 3.8% to 41,168 bales. There is no sale in Week 43, the week after Easter. The forecast Year-to-Year progressive difference to Week 44 is -12.3%.
